SPSS Metal Handle Safety Scalpel System

Safety Tab for Optimum Protection
Exclusive design effectively guards against accidental injury during installation.

X-Ray Detectable
Cartridge and Tab are X-Ray Detectable

Metal Handle
Handle has the same weight and feel of conventional scalpels

Reactive Handle
SPSS are more cost effective because they create less disposable waste.

Polymer Coated Surgical Blade
Regarded by many as the sharpest, smoothest cutting edge available.

Easy Loading and Disposal
The cartridge system provides a safe and easy way to use and dispose of blades.

Clear Plastic Sheath
Design incorporates thumb rest for easy manipulation.

THE BLADE YOU NEVER TOUCH
The Weight You Expect
- A Metal Handle Safety Scalpel System with the weight and balance of traditional scalpels
- SPSS cartridges are paired with Southmedic’s Polymer Coated Blade that reduces incision drag and tissue trauma
- It’s innovative features meet OSHA Needle Stick Safety & Prevention Guidelines
- Truly a blade you never touch
