

# EcoZyme Foam Spray

A powerful enzymatic presoak designed for point-of-use pre-cleaning of surgical instruments.

Ideal for use in the operating room, sterile processing departments, and clinics, this enzymatic foam effectively breaks down bioburden, including blood, tissue, mucus, and other protein-rich fluids. With its unique non-aerosol application, EcoZyme Foam Spray ensures a safer, more efficient cleaning process.

## Why Choose EcoZyme Foam Spray?

### Dual-Enzymatic Formula

Quickly dissolves protein-rich body fluids to speed up cleaning.

### Non-Aerosol & Easy to Apply

Reduces the risk of splashes, providing even coverage and safer handling.

### No Dyes or Fragrances

Perfect for sensitive environments where harsh chemicals are not acceptable.

### Non-Toxic & Biodegradable

Safe for both healthcare professionals and the environment.

### Free Rinsing & Neutral pH

Leaves no residue, gentle on instruments, ensuring safety and cleanliness.

### Extended Moisture

Keeps instruments moist for up to 72 hours, preventing debris from drying out.

## OUR MISSION

### "Every Ounce is Safe"

At **Southmedic**, we're committed to delivering the safest cleaning solutions for medical instruments. Our mission is simple: create products that are safe for healthcare professionals, effective in their cleaning power, and environmentally responsible.

With EcoZyme Foam Spray, we guarantee that every ounce of product is safe, non-toxic, and free of harmful chemicals—without compromising on cleaning efficacy.

## AT-A-GLANCE

### EcoZyme Advantages

**Speed and Efficiency:** Starts the cleaning process immediately, reducing the manual workload and speeding up instrument turnaround.

**Increased Safety:** Non-aerosol and non-toxic formula ensures a safer work environment, with reduced risk of spills and exposure to chemicals.

**Extended Moisture:** Keeps instruments moist for up to 72 hours, preventing debris from drying out, making reprocessing easier.

# Why EcoZyme Foam Spray is the Smart Choice

## Eco-Friendly

100% biodegradable

## Effective Cleaning

Dual-enzymatic formula for quick and thorough cleaning

## Affordable

Cost-effective compared to other cleaning solutions, without compromising safety or performance

## Non-Toxic

Safe for staff and the environment

## Power + Safety = Results

Unlike other cleaning sprays that may use harmful chemicals or aerosols, EcoZyme Foam Spray provides the perfect balance of safety, efficiency, and cleaning power. Its non-toxic, biodegradable, and non-aerosol design ensures a cleaner, safer environment for both technicians and patients.
