

# Dermaplaning Blades

Quality you and your clients will feel!

- Used at a 45 degree angle to help remove the outermost layers of dead skin cells
- Excellent for removing peach fuzz
- Dermaplaning is intended to soften and improve skin texture and tone; reduce excess oil and dirt buildup on the skin surface
- Unique polymer coated edge designed to glide with smooth precision
- Superior quality and uniform construction
- Sterile stainless-steel blades with individual packaging, easy to use with #3 handles
